

**URBAN FORESTRY COMMISSION
MEETING AGENDA**

Sept. 21, 2011

4:30 PM

Location: City Hall

Maintenance Workshop

Program:

Krutch Property Visit: The Urban Forestry Commission will visit the site of a proposed thinning project across the river from Corbin Park and explain what the project will entail. This project will be funded by a grant through the Idaho Department of Lands and is primarily for the prevention of the spread of amillaria root rot and mistletoe disease.

Maintenance Tour: After visiting the Krutch property, the Commission will take a quick tour of Post Falls to look at some of the maintenance work that has been performed by the Urban Forestry staff.

Questions concerning items appearing on this Agenda or requests for accommodation of special needs to participate in the meeting should be addressed to the Urban Forestry Division or Office of the City Clerk, 408 Spokane Street or call 208-773-3511.
